Determination of Financial Assistance Eligibility – In general, Eligible Patients may receive financial assistance, using a sliding scale, if they are uninsured or if they are underinsured and their family gross income is at or below 550% of the Federal Government’s Federal Poverty Level (“FPL”). Eligibility for financial assistance means that Eligible Patients will have their care covered fully or partially and will not be billed more than “Amounts Generally Billed” (“AGB”) to insured persons (AGB, as defined in IRC Section 501(r) by the Internal Revenue Service). Financial assistance levels, based solely on family gross income and FPL, are:

- Family Gross Income at 0 to 200% of FPL
 Full Financial Assistance; \$0 is billable to the patient.
- Family Gross Income at 201 to 550% of FPL
 Partial Financial Assistance; AGB is maximum billable to the patient.

Note: Other criteria beyond FPL are also considered (i.e., availability of cash or other assets that may be converted to cash, and excess monthly net income relative to monthly household expenditures), which may result in exceptions to the preceding. If no family income is reported, information will be required as to how daily needs are met. The Hospital’s Financial Counseling department reviews submitted applications which are complete and determines financial assistance eligibility in accordance with the Hospital’s FAP. Incomplete applications are not considered; however, applicants are notified and given an opportunity to furnish the missing documentation/information.

The FAP, Application and PLS are available in English and in the primary language of populations with limited proficiency in English (“LEP”) that constitute the lesser of 1,000 individuals or 5% of the community served by the hospital’s primary service area. Translated versions are available upon request in person at the addresses above; and on Inspira’s website.

For help, assistance or questions please call the Hospital’s Patient Financial Services Department at 856-641-6336 or visiting in-person at one of the Medical Center or Health Center locations listed above. All locations are open Monday through Friday and hours vary by locations.
