Several Inspira Staff Make ROI-NJ Health Care Influencers List

Below, read what ROI-NJ Had to Say About These Exceptional Individuals

Amy Mansue, president and CEO

Mansue is now the head of Inspira, after previously serving as a VP and chief experience officer at RWJBarnabas Health. Those roles are enough to make the list, but Mansue also gets the nod for being Murphy's point person for Central Jersey, easing the interactions and needs between the hospitals and the state at its most tumultuous of times.

Ed Dix, director, Pharmacy, Inspira Medical Center Mullica Hill

Dix not only developed and maintained a COVID-19 Medication Dashboard to identify critical medications and real-time medication inventory, he led the production of the hospital's own hand sanitizer, oversaw PPE distribution and created a way to extend the use of Remdesivir. And, when the state was thinking of reopening Inspira Woodbury, he worked with the system's drug wholesaler and hired and onboarded six temporary staff.

Joseph Miller, respiratory equipment technician, Inspira Medical Center Mullica Hill

Miller's regular responsibilities include managing the needed ventilators and supplies. During the pandemic, he not only secured the ventilators, he secured the needed supplies and equipment to transition bi-pap ventilators to invasive ventilators. He also assisted in efficiently reconfiguring a single ventilator into a dual ventilator. An integral member of the frontline staff, he makes sure everyone has their needed supplies, including N-95 masks.

Sheryl Bosco, support services aide, Environmental Services, Inspira Medical Center Elmer

Quickly adapting to the new cleaning cycles and safety precautions, Bosco came in on her days off to help clean and disinfect. Her goal always was focused on the patients, making sure that they would be coming into a clean and sanitized environment. Said her supervisor: "She makes me proud of our department and keeps me focused on keeping everyone else accountable."

Rob Elliott, manager, Facilities and Engineering, Inspira Medical Center Vineland

Elliott led the charge when more than 100 ICU, Step-down and ER rooms had to be converted to negative pressure rooms to help protect patients and staff during the pandemic. Elliott also oversaw the subsequent upgrade to the climate control system that was necessary to handle the increased demand of keeping negative pressure rooms cool during the hot summer months.

of Inspira*

Be the Voice of Inspira!

Every day, callers to Inspira learn about what's new at our 150+ access points when they listen to our on-hold message.

Inspira is once again recruiting employees who would like to be the voice heard by members of our community when they call us. For the recording, you'll identify yourself and then read a script about new services, Covid-19 updates, events and more. Interested?

Please leave your “audition” message, including your name, work area, phone extension and how long you have worked at Inspira, by calling extension 54541. If you are selected, you'll be contacted by a member of the Marketing and Public Relations Department to schedule your recording session. The on-hold message changes each month, so a dozen employees will have an opportunity to be the “Voice of Inspira” in 2021!

What are you Thankful for?

Clare Sapienza-Eck Appointed Chief Strategy Officer

■ *Every so often, a leader joins an organization and pours their heart into it for many, many years — creating an immeasurable and lasting impact for years to come.* Inspira is lucky to have had this outstanding, yet humble leadership in our very own Vice President of Business Development and Planning, Clare Sapienza-Eck, who has been promoted to a new position: Chief Strategy Officer.

Clare has dedicated more than 25 years of her career to Inspira, demonstrating innovative thinking, a deep understanding of health care, a passion for growth, and a true commitment to our organization. She holds a Bachelor of Science from the University of Pennsylvania and Master of Health Care Administration and Master of Health Care Finance from Temple

University. Throughout her career, she has been integrally involved in health care planning and strategy, having worked for South Jersey Healthcare since the mid-1990s prior to its merger with Underwood to form Inspira.

Today, Clare touches so many aspects of our network, and in this new role, she will focus on advancing strategic initiatives to drive long-term growth for Inspira, including new investments, partnerships and other business opportunities. Alongside the full executive leadership team and the Board of Trustees, she will be responsible for overseeing the development of system-wide strategic priorities to advance our mission of improving the lives of our communities. These include our continued trajectory

as a High Reliability Organization, our quality of care across service lines and access points, and our relationships with physicians.

In her storied career, Clare has successfully achieved many milestones — most recently, master planning efforts for the development of Inspira Medical Center Mullica Hill. She has developed and overseen multiple hospital consolidation and expansion projects; the establishment of new access points; and an overall expansion of our service area in South Jersey.

Her expertise, guidance and ingenuity have helped lay the groundwork for a successful future for Inspira. Let's congratulate her on this new role, as she helps further solidify our path to continued growth.

2020 Service Awards Recognition

■ Service Anniversaries are important milestones in your career, and we want to thank you for your dedication to our organization, our patients, and the communities we serve. We celebrate milestone anniversaries at your fifth year and every five years thereafter.

This year, Inspira honored 900 employees who reached a service milestone. While we typically have in-person events to honor that service, this year's acknowledgments looked and felt different due to COVID-19.

On November 20th, Inspira hosted the 2020 Service Awards virtually. Leaders expressed their thanks and gratitude, and the event featured photos/videos that our honorees submitted.
